Clarification of News Report

We write in connection with your letter to Bloomberry Resorts Corporation (the "Company") dated April 12, 2019 seeking clarification and/or confirmation relating to the news article entitled "\$308-M cruise center to break ground" posted in Inquirer.net on April 12, 2019. The article reported in part that:

"Integrated resort operator Bloomberry Resorts Corp. plans to break ground for the \$308-million luxury Solaire Cruise Center by the third quarter of this year, aiming to complete the first phase of what is envisioned to be the region's premier marine leisure gateway that will link Manila to the rest of the world by 2021.

By June or July this year, Bloomberry also expects to break ground for its second integrated resort—Solaire North in Quezon City.

'This new property highlights our commitment to the mass gaming segment, and will leverage on the heavy foot traffic of Vertis North and visitation from Central Luzon,' Bloomberry chair Enrique Razon Jr. said during the company's stockholders meeting yesterday.

Razon said the group would finalize the project costing by the end of April.

....

Also, Razon is optimistic on the upcoming Solaire Cruise Center, the first cruise center in the world to be situated within an integrated gaming resort.

'With the growth in tourism, we have more and more cruise ships—10 a week. The timing is right to develop that,' Razon said.

....

For the first phase of Solaire Cruise Center that will be finished by 2021, Razon said it would include the pier, immigration, customs and quarantine facilities as well as food and beverage outlets.

...."

We wish to clarify that in relation to Solaire North, the Company is currently working on the cost plan for the project, with planned completion of the cost plan by the end of April to mid-May 2019.

The Company would also like to clarify that at this time, the ground breaking and construction of Solaire North are subject to the securing of relevant permits before any construction can begin. The Company, through its subsidiaries Bloomberry Resorts and Hotels, Inc. (BRHI) and Sureste Properties Inc (SPI), will proceed with the project once such permits have been secured.

We also wish to clarify that in relation to the first phase of the Solaire Cruise Center, the Company, through its subsidiaries, is still in the process of securing the relevant regulatory approvals before any construction can begin. Completion of the project will be 18 to 24 months from start of construction.

Other Relevant Information
