THIRD QUARTER AND NINE MONTHS 2026 UNAUDITED RESULTS ANNOUNCEMENT

Bloomberry 3Q2026 EBITDA rises 64% to P3.1 billion, driven by topline growth and cost efficiencies

3Q2026 HIGHLIGHTS:

- Bloomberry's Gross Gaming Revenue (GGR) was P15.3 billion, representing an increase of 5% from P14.6 billion in the third quarter of 2025. GGR rose due to higher hold rates in both the VIP and EGM segment.
- Net revenue in the third quarter was P13.8 billion, representing an increase of 9% from P12.7 billion in the same period last year.
- Cash operating expenses reached P10.6 billion, lower by 1% which compares to P10.7 billion in the same quarter last year. Lower cash operating expenses were largely attributable to cost savings across advertising and promotions, outside services and charges, utilities, and cost of sales.
- Consolidated EBITDA was P3.1 billion, higher by 64% which compares to P1.9 billion in the third quarter of 2025. The improvement was mainly due to higher GGR and the impact of continued cost management initiatives.
- Consolidated net loss was P445.2 million, versus net loss of P1.7 billion in the same period last year.

FIRST NINE MONTHS 2026 HIGHLIGHTS:

- Consolidated GGR was P46.4 billion, higher by 2% compared to P45.7 billion in the first nine months of 2025.
- Consolidated net revenue was P40.9 billion, representing an increase of 3% compared to P39.7 billion in the same period last year.
- Cash operating expenses reached P31.4 billion, higher by only 2% year-on-year.
- Consolidated EBITDA was P9.6 billion, compared with P8.8 billion in the first nine months of the previous year.
- Consolidated net loss was P915.5 million which compares to net income of P160.1 million in the first nine months of 2025. Notable one-off items that impacted the bottom line include 1) a P403.0 million gain in the first quarter of 2026 relating to the sale of the Jeju Sun gaming license through a demerger and share purchase arrangement, and 2) a P2.9 billion one-time, non-cash gain recognized in the first quarter of 2025 from the refinancing of the P40 billion Syndicated Loan Facility.

Bloomberry Resorts Corporation ("Bloomberry" or the "Company"), through its subsidiaries, own and operate Solaire Resort Entertainment City (SEC), Solaire Resort Quezon City (SQC), Jeju Sun Hotel & Casino (Jeju Sun), and a portfolio of online gaming platforms led by Solaire Online. The company reported its unaudited consolidated financial results for the three months and nine months ended September 30, 2026.

Enrique K. Razon Jr., Bloomberry Chairman and CEO, commented, "In the third quarter, Bloomberry achieved year-on-year EBITDA growth, driven by improved GGR and sustained cost discipline.

GGR growth was primarily fueled by higher hold rates, particularly in the VIP and EGM segments, while gaming volumes remained stable.

Cash operating expenses rose by just 2% in the first nine months of 2026 and declined by 1% in the third quarter, despite accelerating inflationary pressures. Savings were primarily driven by lower cost of sales, advertising and promotions, general office expenses, and utilities, highlighting the effectiveness of our ongoing initiatives.

Below EBITDA, we continued to benefit from lower interest rates on our bank loans, although we remain mindful of the potential impact of rising benchmark rates on future debt service costs.

As we are mid-way into the final quarter of 2026, we remain focused on driving revenue growth and further optimizing our cost structure."
